P.O.G. LABS | POLICIES**NQA WARRANTY/REMAKE POLICY:**

P.O.G. offers a one-time No Questions Asked remake at no charge within one year from the date of the original RX. Simply call in your remake and indicate that you wish to use your NQA warranty and provide your original P.O.G. invoice number to receive the NQA discount on the remake invoice.

Any changes to the original order can be made within 90 days.

Exclusions: CR-39 or mid-index drilled rimless, polarized grooved rimless.

TERMS:

All stock sales net (No Discounts). Customer agrees to pay a 2% per month service charge on items that remain unpaid for 30 days or over. Credit balance is redeemable for merchandise only. Customers agree to pay all collections fees associated with any unpaid balance. A \$50.00 fee will be assessed for checks returned for any reason. Payments made by credit or debit card are subject to a 2.66% surcharge.

PRICING/POLICIES ARE SUBJECT TO CHANGE AT ANY TIME WITHOUT NOTICE.

PACKING SLIPS:

P.O.G. provides customers with packing slips for items that are sent to us. Please enclose a complete packing slip. Upon receipt, we will verify the contents. P.O.G. will not be responsible for any missing items if a packing slip is not enclosed. If sending via UPS, please keep your tracking number for quick and easy reference. Packing slips are also available to print from our website. P.O.G. provides prepaid UPS labels to send 2 or more new orders. Please do not use labels for less than 2 orders as a \$7.50 fee applies. You may use our USPS prepaid mail labels to return lenses for credit, or to send us less than 2 new orders. Labels can be printed from our website.

STOCK/FRAME/SPECIAL ORDER RETURNS FOR CREDIT:

Always provide the original and reordered P.O.G. invoice number and reason with the return. A 20% restocking fee will apply to overstock or incorrectly ordered lens returns. Items must be in new condition and in original, unmarked packaging.

Special order items carried in P.O.G. inventory are nonrefundable. Frame warranties are specific to, and vary by, manufacturer. Any credit will be dependent on manufacturer warranty, and credit will be issued once the manufacturer allows credit on item. Contacts cannot be returned and carry no warranty.

GUARANTEE SERVICE:

• Orders placed before 12:30 p.m. CST may be guaranteed for a \$18.00 fee. If the lenses are in stock we will guarantee the order goes out the same day or the lenses are free. Only applies to uncut lenses and not valid on AR coated orders. Orders must be phoned in as service is not available via other ordering methods. Other restrictions may apply.

RX RETURNS FOR CREDIT:

Present within 60 days of remake invoice (remake with P.O.G. is required). You must include both the original and remake P.O.G. invoice numbers and note the reason for the remake in order to be considered for credit. Orders with changes will receive credit on the less expensive order. Inspect orders for any errors before additional processing in your lab, as processing indicates accepting the order as correct. This includes, but is not limited to, edging and tinting. NQA's will be used for credit in these instances. If all information is included on the return, credits will be issued within 7 days of receipt. If not, please expect delays.

PATIENT'S OWN FRAME/LENSES:

Patient's own frame or lenses are accepted for processing only at your own risk. POF processing failures will be returned to your office along with the lenses, where a similar frame can be selected from your display. P.O.G. is not responsible for any breakages that may occur on lenses sent to be edged down for additional processing (e.g. Tint or AR added).

TWO YEAR AR OR SCRATCH COATINGS:

Any RX order processed with a two year anti-reflective or scratch coating may be remade for up to 24 months using the NQA policy. No changes can be made to the original order specifications after 90 days.

CANCELLATIONS/RX CHANGES ON ACTIVE ORDERS:

Orders cannot be canceled or changed once they have been placed in process.

COMPLETE FRAME INFORMATION REQUIRED:

A, B, ED, DBL, shape and frame type must be provided for P.O.G. to determine correct thickness and cut out. The NQA discount will be used on remakes noted for either of the reasons when any piece of this information was not provided at the time of the order.

Thank you for reading and understanding!

Thank you for requesting information about P.O.G. Labs!

P.O.G. Labs has provided lab services to the optical industry for over 30 years. We process approximately 1,500 jobs per day. AR Coatings and Digital/Free-Form lenses are processed on-site to provide quick turnaround for you and your patients. Our customer service team has over 20 years of experience, and is here to answer any of your questions. From lens orders to status updates, our customer service is second-to-none. **We even deliver on Saturdays!**

We are a full-service, wholesale optical lab. We buy in bulk, so you reap the benefits of savings. To set up your account – simply go online to fill out our **credit application** or call our customer help line now at **800-497-9239** to gain a copy by email.

What's New at P.O.G. Labs: POG Labs has now partnered with Global Optics, a 34,000 square foot warehouse that stocks over 1,000,000 finished and semi-finished lenses. With a 100% fill rate, single source direct shipping, and late day order cut-off, you will find our online ordering to be simple and immediate access to every lens manufacturer you will ever need. Go to **www.gostocklenses.com** to check it out! Username: POG ECP TEST Password: PLANO

P.O.G. Labs is proud to offer our first digitally-etched, customized lenses. For more information on our **4You Gold** optimized lenses, contact a member of our sales team today! **4You Free-Form lenses** – starting at just \$31.95/pair – learn more about how you could be saving \$\$ and offering the best lens technology.

Our **Zero Scratches** offers a super-hard, scratch-resistant coating on both sides of the lenses. Demonstration kits are available upon request. **Zero Glare DES plus UV** will provide your patients with the protection of our Zero Scratches, along with the highest quality AR coating including **Digital Eye Strain** properties and UV Blocking layers. **Fog Free** from Opticote™ eliminates the "white wall" effect that comes from temperature changes. Already coated into the lenses, Fog Free requires no special reactivating cloths. Prevent your lenses from fogging over, and never again compromise your quality of vision.

Chemistrie Clips: Precision Optical Group is now a certified Chemistrie lab. Precision can now manufacture the convenient, versatile, and lightweight snap-on lenses in house! Chemistrie magnetic lenses are custom made to fit any frame and allow you to quickly change your clips to fit your needs. Chemistries patented magnetic lens layering technology means you can easily transform your Rx frame into polarized sunglasses, readers, 3D glasses or computer glasses with the click of a lens. We will be offering all styles and colors along with attachable jewels. Ask us for availability charts and what else is available to order!

Why be basic, when you can be bold?

Now available from P.O.G. Labs, Inc. - Mirror Coatings by Opticote™. In four collections inspired by popular American cities, with color names like Caliente, Club Blue Mirror, and La Noche, these lenses are sure to turn heads and stop traffic. No other lab in the nation can offer you the countless variety of colors Opticote has to offer!

We are distributors of **Modern Optical International** and **I-deal Optics** frames. Our **Frame and Lens Value Line Package** *is a great option for patients seeking great quality at an affordable price.*

Do your own in-house edging? Call us for up-to-date pricing on finished stock lenses.

We supply safety frames from the following vendors **AO Safety, OnGuard Safety, ArmouRX Safety** and **Titmus Safety** price lists.

As always, thank you for your interest and anticipated business. We look forward to working with you!
